Dear Barnes Descendants,

We have been compiling the Barnes and Greaves Family History for about 10 years. We had it about ready to print in 2004, when Hurricanes Charley, Francis, and Jean decided to take aim on Edgewater, Florida. We had to pack up all our valuable papers in waterproof containers and be ready to evacuate. We did evacuate for Francis, and lucky we did. Our daughter's home was completely destroyed in Francis, so we spent the next 10 months helping her rebuild. Needless to say, the family history had to wait in waterproof packages.

Now, three years later, we have relocated to Alabama, the files have been unpacked, and we have finally finished a long-promised product. In the meantime the family has grown and changed. In our senior years, it is becoming more difficult for us to keep up with the younger generations, so we have stopped the report with Generation No 5. I hope you will each add your own descendants and changes to your copy of the tree. If we have made mistakes, or have omitted someone, please feel free to drop us a line or give us a call, as we would like to correct our master file.

We hope you will find the reports interesting, and maybe one day a member of the younger generations will take up the call and carry the family tree further for future Barnes descendants.

Jerry and Linda

US CENSUS RECORDS FOR DANIEL C. BARNES:

(Census records prior to 1850 only listed the name of the head of household, then listed the number of occupants in age categories. This record for a Daniel Barnes is the only one I have found in Illinois which reflects the correct numbers and ages of his family in 1840. The family would have been in Illinois, because Daughter Ruth was born in Illinois in 1840.

1840 US Census, State of Illinois, Morgan County:

HEAD OF HOUSEHOLD: DANIEL BARNES, age 30 to 40.

One Female age 20 to 30 (This would be wife MARTHA - he did not marry Unity Duval until 1950.)

One Female age 5 to 10 (Daughter MARGARET would be age 7)

One Male under age 5 (Son WILLIAM would be age 4)

Two Females under age 5 (Daughter ELIZABETH would be age 2; Daughter RUTH would be under age 1)

(Early Census Takers often spelled the names by sound rather than actual spelling)

The Indian connection would have most likely been on the Kay side. At this writing, I have been unable to locate records for Millie's family before 1870 or after 1880.
